**Early registration discounts:** See course offering chart for the amounts and deadlines for Early Registration discounts...I must receive your registration or a verbal/email commitment by that date for the discount to apply.

**Bring-a-friend discounts:** for each friend you bring into my classes (first-timers only), you may deduct the amount of the discount shown on the chart – you may split the discount with the friend if you choose – just indicate the name of your friend OR send your friend’s registration in with yours.

**Seniors 65 and older:** Please deduct 10% of your total, and join us for some fun!

**NOTE:** I have several location options for these classes. As I receive registrations, I will designate class location based on what is most convenient for the majority of class members. Feel free to contact me with questions.
